My ref: my son, john Samuel morris, age 6, year 1, St Stephens School, Redditch.  
please keep on johns file for future reference. Don't give it back to me thank you.

Mrs Sarah Barrett / Deputy Head St. Stephen's School

Mrs Sarah Callanan / Principal St. Stephen's School

### **Dear Head / Deputy Head**

I have printed out the peer reviewed scientifically accepted 11page journal paper called **"COVID-19 and the surge in Decidual Cast Shedding by James A Thorp and Tiffany Parotto"** in the hope you may realise why I am so concerned for all the children and all the staff at the school alike. There are many more scientific journals like this out there.

The journal and a copy of this letter (12pages in total) will also be emailed to the school, central region schools trust, vaccination uk ltd, and the ccn team initially.

This is not just about john. This is about everyone at the school being fully informed by the head and the deputy head now that they have been informed.

Going forward, not knowing or being un-informed is no longer an excuse.

I do hope you try your very best to get the procedure policy for the school, or rsa academy, or vaccination uk ltd, or hm gov, as soon as humanly possible please please please.

Vaccination uk ltd setup this appointment with the school, and we were informed "AFTER" my email. And I haven't heard from them at all as of 19:57pm Sunday 13-11-2022.

This school visit by vaccination uk ltd should have been cancelled the minute I aired my concerns. Not all parents are liars you know. Some of us really do care.

I believe this may turn out to be a huge environmental health issue.

I believe this already is massive health and safety issue.

I suggest someone investigate asap so we can keep ALL the staff safe, as well as ALL the children and ALL the parents too. Its not just about john, its about everyone!!!

I have printed out the paper for the head and deputy head to read. So there is no excuse not to act. Ignorance is no longer a defence.

There is tons more evidence online for anyone interested or concerned like me.

I have tried. I have tried. I have tried.

May god guide you. May god bless you. And may god protect you.

peace and blessings to all.

johns dad

stu.
